

THE MIIRA COLLECTION

Miira Wall

The wall lamp consists of a linear stem in anodized or powder-coated metal with a globe-shaped diffuser in opal white or optic clear hand-blown glass. The opal white diffuser provides a soft, all-round light whereas the optic clear provides a more decorative light. The fixture has a circular backplate and is designed for wall mounting. It uses a single G9 light source positioned centrally within the diffuser. Cable not included.
