Description	Designed to shield your furniture from the impact of weather when not in use, the Outdoor Covers are available for the Settle Outdoor Series and Linear Steel Table.
Material	<p>The outdoor cover is made of polyester, with a TPU membrane that makes it water-repellent and a polyester velvet lining.</p> <p>Polyester: Polyester is a material that is made using either fibers or plastic.</p> <p>If the cover is used on furniture with cushions, the cushions should be stored indoors during extended periods of storage. Proper ventilation is essential to prevent moisture build-up and mould growth. Covering cushions for prolonged periods may restrict airflow and increase the risk of mould developing.</p>
Cleaning & Care	<p>Clean the cover with a damp cloth. If necessary, use a mild detergent or washing-up liquid, not concentrated. Always wipe with a dry cloth afterward. Liquids, grease, etc., should be removed straight away to minimize the risk of stains and marks.</p> <p>It is recommended to use a cover to protect the furniture from weather harm, especially during the winter season. Please make sure that both the furniture and the inside of the cover are completely dry before putting the cover on.</p>

Outdoor Cover
