LAMP  TWIST

LINE LAMP

Pendant lamp | design Piet Hein Eek, 2020

SPECIFICATIONS

Name	Line lamp
Year	2020
Country of origin	The Netherlands
Materials	Brass / Copper / Stainless steel
Finish	Uncoated / Mirror polished
Lengths	100 / 120 / 150 / 180 / 200 cm
Profile	2,3 x 2,4 cm (W x H)
Canopy size	26,5 x 6,2 x 5,5 cm
Input voltage	220V-240V ~ 50Hz/60Hz
Output voltage	24V DC
Cord	3 m, transparent
Lightsource	Integrated LED
Colour temperature	2700 K
CRI	90
Dimmable	Phase cut dimmable (R,C)
IP value	IP20
Certification	CE
Warranty	2 years

PER LENGTH

	120 cm	150 cm	180 cm
Size	120 x 2,3 x 2,4	150 x 2,3 x 2,4	180 x 2,3 x 2,4
Weight	2 kg	2,3 kg	2,6 kg
Power	20,4 W LED	28,5 W LED	36,2 W LED
Lumen output	2030 lm	2840 lm	3650 lm

Technical data for 100 cm and 200 cm on request.

Mirror inox	
all lengths	PHE-3698

Mirror inox is supplied under one series number;
specify the length when ordering.

Notes:

Please be aware that the brass and copper parts of this light fixture are untreated and uncoated, therefore they will always have some imperfections and unique characteristics. Naturally, the material will patinate over time, differing between environments. This is normal and will slowly add character to the frame and other metal parts. Keep these beautiful signs of aging, or polish them away as you see fit. Mirror inox is polished stainless steel and does not patinate.
