

PINECONE LARGE

Paola Navone, 2016

Pinecone is a suspension and table lamp. The diffuser is manufactured using the ancient caged blown glass technique: the glass maker blows the molten glass blob into a metal cage, which only partly contains the blob's natural expansion. In this way, the glass surface is partly trapped by and partly escapes the cage, generating an impression of tension as the object struggles to free itself from its harness; the cage is further enriched by the galvanic treatment that makes it look glossy and brilliant. The transparent version, in particular, reveals a two-fold structure that multiplies the scenic effect, while the metal cage pattern projects kaleidoscopic shade effects on the surrounding surfaces. On the contrary, in the white version the glass delicately envelops the cage surface and enhances its geometric pattern, generating an elegant and visually pleasing diffused light. The lighting fixture makes a highly appealing and striking impact either switched on or off.

Table lamp with diffused and dimmable light. Enclosed diffuser made of frosted blown glass. Cage and base made of chromed metal. Transparent power cable, dimmer and plug. European two-pole plug. Bulb not included.

PRODUCT NAME
PINECONE LARGE

SKU
F434010550CBNE

MATERIAL
glass, galvanized metal

MADE IN
IT

COLOUR
white, chrome

ALIMENTATION CABLE
Transparent

GROUP TENSION
Bulb

DIMMER
Dimmer included

ENERGY CLASS
