PIVOT TABLE LAMP

Named after the French word for an object turning around its own axe or center point, the Pivot lamp is a new classic.

With its rotating aluminum shade, it can highlight and project onto an object or part of a space. In a simple, yet refined design and a brushed bronze color tone, the lamp creates a warm, inviting atmosphere and magically plays with the contrast between light and shadows.

The lampshade fits perfectly into the square iron base, enabling easy and smooth rotation.
