

ETERNAL SNOW

Bela Silva

SERAX

Do you still remember those glass domes with a winter world inside, which you shook to make snowflakes whirl round? A touch of magic, encased in glass. It was this enchantment that caused designer Bela Silva to set about creating the glass collection Eternal Snow. She gave the four glasses, two tall and two low models, a playful touch

by designing the foot and chalice in an imperfect shape. The texture of Eternal Snow is smooth, although the glass was blown into an atypical shape. Playful bubbles are visible in the foot. The round shapes and soft colours (smoky grey for the foot and soft green for the chalice) are inspired by the colours of the night sky.

BELA SILVA

Although born and raised in Lisbon, we may well attribute the predicate 'world citizen' to the Portuguese artist Bela Silva. She studied in Portugal, the UK and the US and she explored all possible arts disciplines. Her work has shared the spotlight in exhibitions with that of Andy Warhol, and her tile art is popular from Brazil to Spain, across China and back to Portugal. Nowadays she commutes between Brussels and Lisbon, mainly focussing on her first love, ceramics.
