

DECO CUSHIONS

Bea Mombaers

SERAX

The new upholstery fabrics for the indoor/outdoor sofas and cushions of the Bea Mombaers collection are produced by a Belgian weaving mill with a long-standing history. The mill has been weaving quality fabrics for prominent national and international customers for

five generations already. The cushion covers are locally manufactured as well, making this a 100 percent Belgian story. Bea chose beautiful linen and woolen fabrics, with timeless, 'passe-partout' colours and patterns, which she thinks are easy to combine in any interior.

BEA MOMBAERS

Ever since she was a young girl, Bea Mombaers had dreamed of pursuing her fascination for unusual finds and unique objects for a professional career. From a passionate seeker of things, she grew into one of the foremost women on the Belgian art and design scene. Over the past twenty years, her unrivalled sense of atmosphere and attention to detail have rewarded her with a widespread international reputation as an interior stylist with a prestigious portfolio, and publications in several leading lifestyle magazines. Her lifestyle boutique 'Items' in Knokke is known to be the number one reference for exclusive collector's items and coups de cœurs. About ten years ago, Bea Mombaers extended her recognisable signature style to a conceptual design bed & breakfast in Knokke Zoute, where she created an inspirational experience for interior design enthusiasts and peace seekers.
