Waww La Table	BAZAAR
RICH DECOR, FRENCH GASTRONOMY & VISUAL ABUNDANCE	

WAWW LA TABLE — After being an artistic director for over 20 years, handling the launch of various cultural projects, French designer Frédéric Gautier embarked on studies at the École du Paysage in Versailles, where he became acquainted with modelling and ceramics. Due to his fascination for brutalism, Gautier went in search of a type of clay that closely resembles concrete after the firing process. Since launching, his FCK signature has adorned all of his creations working with this material. Passionate about growing food, he is also doing research about tools that were once used to feed oneself with. With his enthusiasm for events, Frédéric Gautier also shares his work in a variety of spaces, turning exhibitions into performances.

BAZAAR — The French, exuberant dining table is a world-renowned icon. Thanks to the new collaboration between Serax and the French brand WAWW La Table, you can easily bring this ambiance into your home. Serax presents vibrant collections designed by WAWW. By far the most lavish one is Bazaar. For this theme, WAWW drew inspiration from the bazaars of Istanbul, where visitors are captivated by a thousand scents and colors. Istanbul is the city where East meets West, and this is reflected in this set, which exudes a bohemian vibe like no other.
