CARE GUIDE — METALS

HOW TO CLEAN / POLISH

POWDER COATED IRON / STEEL / ALUMINIUM

To get rid of dirt and dust, mix a mild detergent with warm water.
Dip a lint free cloth into the water & wipe the item down with the cloth.
If necessary, wipe the item dry with a soft dry cloth.

*(Avoid scraping or rubbing the powder coating with an abrasive cloth that
could damage or remove the coating from the surface)*

STORYTELLING

LUCEO LAMP FAMILY / BY AYTM DESIGN TEAM

The word LUCEO means to shine and in this family of lamps, the cool mix of glass and metal gives a playful expression – enhancing the transparency of the glass and the strength and hardness of the metal. LUCEO are aesthetic and sculptural lamps which take inspiration from the ancient Roman aqueducts. These beautiful buildings were created to bring water and life to the cities, just as LUCEO brings life and light to your home.
