CORD CONNECTOR

Designed by Jonas Søndergaard

The Cord Connector enables you to seamlessly customize or extend the length of the cord on your lamp to suit your needs. Available in brushed brass, brushed steel, white and black, the Cord Connector connects two cords in a sleek and elegant steel globe, hides the junction and adds flexibility and versatility to your interior without compromising on style.

The Cord Connector is perfect for extending the cord of the Asteria pendants, the Hazel pendants or other LED lamps where the wire is not interchangeable.
