# Omni Pivot

## Wall lamp

Transforming spaces and creating moments of focus and calm, Omni Pivot is a wall lamp that brings both flexibility and sculptural beauty to any interior.

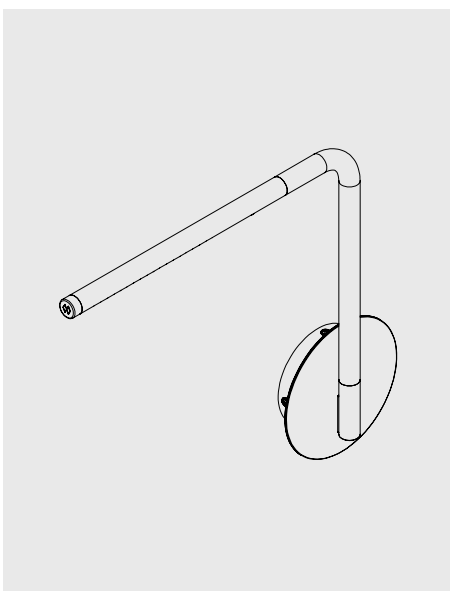

Building on the signature characteristics of the Omni collection, Omni Pivot combines form and function in a single, clean design. The lamp's stem extends from the wall, offering a distinctive profile, while the light element can be rotated and the stem adjusted, allowing illumination to be directed exactly where it is needed. Whether highlighting a dinner in a restaurant, lighting up your desk setup, or providing soft ambient glow by the bedside in a hotel, Omni Pivot adapts effortlessly to a variety of interiors with its clean lines and minimalist design.

True to the Omni collection, Omni Pivot features a perforated dotted pattern that gives the light a delicate, textured effect, creating a warm and inviting atmosphere. The lamp is dimmable via a discreet button, allowing the light to be tailored to the moment and setting.

Omni Pivot integrates seamlessly into a wide range of environments.
