

# STORIES | SHELVING

Designed by Søren Ravn Christensen

## FLEXIBLE SHELVING TO DISPLAY YOUR STORIES

Stories is a flexible shelving unit where you can put the things you love the most on display and share your life stories. Stories™ consists of 4 shelves, where one has a hole with a brass plate for your small bits and bobs. The Shelving unit also comes with three wooden trays that has a venetian cane front making it easy to beautifully hide away your messy stuff.

Stories™ can be expanded to the size you need and personalized with the several shelving accessories, including a glass bowl, extra storage trays and a side table. Stories is made from oak and has a simple visual attraction with its four conical legs that creates an agile and dainty appearance. The shelving system comes with four brass feet that can be adjusted and levelled to the slanting floors often seen in the old apartments of Copenhagen.

Remove the brass plate and exchange it with the glass bowl accessory to create a beautiful indoor terrarium planter or even hold a goldfish. Add the round corner table accessory to the side of the shelving system to display a plant or other things that need that extra important spot in your space. The three wooden trays accessory with a venetian cane front make it easy to beautifully hide away your otherwise messy stuff.
