Asteria Air table lamp

Specification sheet

Asteria Air

Table lamp

Asteria Air Table combines a slim, refined design with adjustable lighting and integrated charging. Suitable for bedside tables, sideboards and desks, it provides functional light in a compact form. The touch control allows users to switch the lamp on and off, adjust brightness and choose between three colour temperature settings. The lamp also remembers the preferred setting for convenient everyday use.

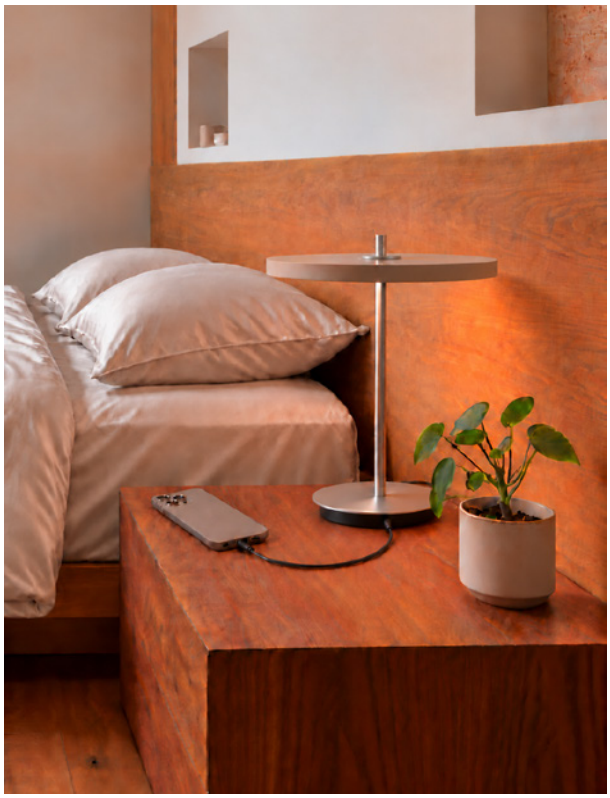

Two heights are included, allowing the lamp to be adapted to different furniture and placements. An integrated USB-C port with up to 20W output enables charging of compatible devices directly from the lamp, combining practical functionality with a clean design expression.

Available in five colours with a choice of plated brass or steel details.
