DISMOUNTING INSTRUCTION

Light source & driver

- 1** Unscrew the locking ring or inner cover and remove the cover.
- 2** Unscrew the two socket screws and disconnect the power cables to dismount the LED module from the base.
- 3** Loosen the screws and remove the diffuser and reflector.
- 4** Disconnect the wires, loosen the screws and remove the light source.
- 5** Loosen the screw and the driver can now be removed.

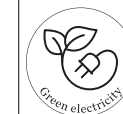

The driver can be replaced by the end user.*

The light source is replaceable by Wever & Ducré or by a professional with explicit authorisation. For more information please contact your local Wever & Ducré customer service point.

This luminaire contains a light source with the energy class G.

Use green electricity to light up your luminaire.
