Cono lighting series

Designed by Benny Frandsen

English text

With the Cono series, we pleasantly pay tribute to a great lighting designer and manufacturer from our own local area, Benny Frandsen. The design arose from close and long-standing cooperation and shared interest for creating beautiful, quality lighting.

Cono is characterised by the classic geometric shades combined with a minimalistic yet soft visual expression. An aesthetic that is enhanced by the matt silky surface. The adjustable shade provides a functional light. Creating a reference to a focused spotlight from a stage. These classic geometric shaped shades are reflected in the name, Cono, inspired by the mathematical form; Conoid.

The series consists of a wall lamp, a table lamp, a floor lamp and two pendants, which give you the opportunity to match the various light sources.

Designed by Benny Frandsen

A renowned and experienced Danish designer. Benny Frandsen has always had a predilection for design with classical expressions. With timelessness in mind, he aims his designs at people who truly appreciate high quality and aesthetics. To him, it is essential to create a lighting design that brings continuous enjoyment while providing a desirable light for both pleasure and business.

Danish text

Med Cono-serien hylder vi med fornøjelse en anerkendt lampedesigner og producent fra vores eget lokale område, Benny Frandsen. Designet opstod ved et tæt og langvarigt samarbejde samt fælles interesse for at skabe elegant belysning af høj kvalitet.

Cono er kendetegnet ved skærmens klassiske geometriske form, der har stærke referencer til traditionel skandinavisk lampedesign, kombineret med et minimalistisk, men alligevel blødt visuelt udtryk. En æstetik, der forstærkes af den silkebløde matte overflade. De justerbare skærme giver et brugbart og koncentreret lys, til både arbejde og hygge, der nærmest fungerer som et lyset fra et scenespot.

Lampeserien består af en væglampe, en bordlampe, en gulvlampe samt to pendler, hvilket giver dig mulighed for at matche de forskellige lyskilder.

Designet af Benny Frandsen

Benny Frandsen er en anerkendt og erfaren dansk designer og grundlægger af belysningsbrandet FRANDSEN, som har designet, produceret og markedsført lamper siden 1968. Siden begyndelsen har Benny Frandsen været passioneret for at dele sin forkærlighed for klassiske designs fremstillet af kvalitetsmaterialer. Hans flair for skandinavisk æstetik har resulteret i adskillige internationale priser for belysningsdesign gennem årene.
