Notes

Added to the direct emission is an indirect emission that produces a halo of decorative light on the ceiling. All the versions are encased in a diffuser at the bottom.

DESCRIPTION

An extreme geometric synthesis of optics par excellence, Nur manifests its presence through a monolithic and mono-material body. The essential and geometrically calibrated lines of a perfect parabola conceal an optical heart that perfectly controls the emission, without offending direct vision. It ensures general ambient lighting thanks also to indirect emission. Artemide App Compatible.
