**Lombardo.**

## Technical information:

|                                    |                                |
|------------------------------------|--------------------------------|
| Installation:                      | Wall, Ceiling, Ground          |
| Material:                          | Aluminium                      |
| Finish:                            | Corten                         |
| Treatment:                         | Sea Treatment                  |
| Diffuser type:                     | Serigraphed glass              |
| Optics:                            | 60°                            |
| Lamp type:                         | LED                            |
| Energy performance class:          | F                              |
| Colour temperature:                | 2700K                          |
| CRI:                               | >80                            |
| LB Factor:                         | L80B20 - 50.000h               |
| Photobiological risk:              | RG0                            |
| Power consumption (Watt):          | 9                              |
| Lumen:                             | 1000                           |
| Real Lumen:                        | 500                            |
| Power supply:                      | ✓ integrated                   |
| LED:                               | AC DIRECT                      |
| Version with:                      | ⊞ HONEYCOMB                    |
| Insulation class:                  | ⊕ CL.I                         |
| Type of protection:                | <b>IP 66</b>                   |
| Resistance to breakage:            | <b>IK 07 2J xx5</b>            |
| Standards and Marks of Conformity: | CE <sup>UK</sup> <sub>CA</sub> |
| Dimming                            | Phase cut                      |

Optic D not available for Honeycomb version.
